Module 3

Section (i)

Content : 1. Chords
a. Major Chords
b. Minor Chords

Chords

Chords are two or more notes played together at the same time.
The one we shall use frequently is three notes played at the same time.

If you look closely at the **D** Major scale, you see seven notes, **D,E,F#,G,A,B,C# and D.** each of these notes can be converted to chords and now we simply assign them numbers for easier naming and chord identification from now onwards.

SCALE FORMULA = Root,W,W,H,W,W,W,H
